

Your Research Can Last Forever

You've spent hours in the lab. You've cried tears of frustration and yelled exclamations of joy over your findings. Now you're ready to store your precious samples for future researchers - with FluidX sample storage solutions, you can ensure that your hard work is properly protected!

Here's how it works:

Unique Tri-Labelled Jacket Tube

Ask us about these

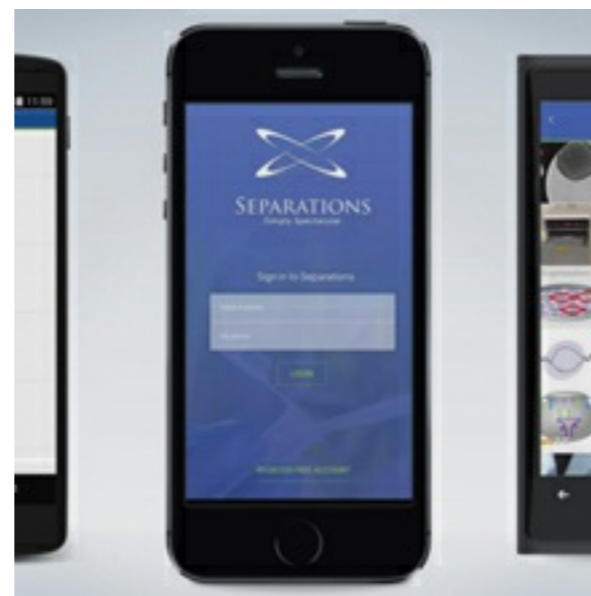

WIN a hamper!

You can win a hamper of **Separations goodies and complete FluidX tubes box** by following the simple steps:

1. Go to the "Contact Us" tab in the **Separations App** (see below)

2. Send a general query and quote the word "FluidX" to enter

That's it! The winner will be announced on 1 September 2017 on our social media platforms.

The Separations App

You can download the free Separations App by following the links below, or by scanning the relevant QR code:
